Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities.<sup>i</sup> This appendix may be completed retroactively as needed by the state.

HHSC did not submit an amendment that updated the Point-in-time or Factor C (unduplicated participants) during waiver year two (9/1/20-8/31/21) because at the time, service utilization trends and projections were lower than expected due to the PHE. Recovery from PHE related suppression on utilization occurred over FY21 and was not anticipated in projections at that time. Recovery of utilization levels resulted in an amendment need and was realized after the close of WY2.

HHSC is increasing Factor C for waiver year two from 5,878 to 6,014 since service utilization is more CLASS participants than projected.

Additionally, HHSC is increasing the Point-in-Time limit for waiver year 2 from 5,650 to 5,818.

<sup>i</sup> Numerous changes that the state may want to make necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
