APPENDIX K: Emergency Preparedness and Response and COVID-19 Addendum

Background:

This standalone appendix may be utilized by the state during emergency situations to request amendments to its approved waiver, to multiple approved waivers in the state, and/or to all approved waivers in the state. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities. This appendix may be applied retroactively as needed by the state. Public notice requirements normally applicable under 1915(c) do not apply to information contained in this Appendix.

Appendix K-1: General Information

General Information:

A. State: Texas

B. Waiver Title(s): Texas Home Living (TxHmL) and Home and Community-based Services (HCS)

C. Control Number(s): TX.0403.R03.08 TX 0110 R07.07

D. Type of Emergency (The state may check more than one box):

<table>
<thead>
<tr>
<th></th>
<th>Pandemic or Epidemic</th>
<th>Natural Disaster</th>
<th>National Security Emergency</th>
<th>Environmental</th>
<th>Other (specify):</th>
</tr>
</thead>
<tbody>
<tr>
<td>X</td>
<td></td>

</tr>
</tbody>
</table>

E. Brief Description of Emergency. In no more than one paragraph each, briefly describe the: 1) nature of emergency; 2) number of individuals affected and the state’s mechanism to identify individuals at risk; 3) roles of state, local and other entities involved in approved waiver operations; and 4) expected changes needed to service delivery methods, if applicable. The state should provide this information for each emergency checked if those emergencies affect different geographic areas and require different changes to the waiver.

The purpose of this submission is to extend the end date of the previously approved Appendix K to the end of the PHE. HHSC reserves the right to remove flexibilities that have been approved which are no longer necessary prior to the end of the PHE.
In addition, this submission incorporates a previously approved temporary rate increase for day habilitation, which is effective 4/1/20 and applies only to TX.0110.

F. Proposed Effective Date: Start Date: March 13, 2020 Anticipated End Date: End of PHE

G. Description of Transition Plan.

All activities will take place statewide in response to the impact of COVID-19 as efficiently and effectively as possible based upon the complexity of the change.

H. Geographic Areas Affected:

These actions will apply across the waiver to all individuals impacted by the COVID-19 virus or the response to the virus.

I. Description of State Disaster Plan (if available) Reference to external documents is acceptable:

N/A

Appendix K-2: Temporary or Emergency-Specific Amendment to Approved Waiver

Temporary or Emergency-Specific Amendment to Approved Waiver:

These are changes that, while directly related to the state’s response to an emergency situation, require amendment to the approved waiver document. These changes are time limited and tied specifically to individuals impacted by the emergency. Permanent or long-ranging changes will need to be incorporated into the main appendices of the waiver, via an amendment request in the waiver management system (WMS) upon advice from CMS.

a. Access and Eligibility:

i. Temporarily increase the cost limits for entry into the waiver. [Provide explanation of changes and specify the temporary cost limit.]

ii. Temporarily modify additional targeting criteria. [Explanation
of changes]
b. **X_ Services**

i. ___ Temporarily modify service scope or coverage.
[Complete Section A- Services to be Added/Modified During an Emergency.]

ii. ___ X Temporarily exceed service limitations (including limits on sets of services as described in Appendix C-4) or requirements for amount, duration, and prior authorization to address health and welfare issues presented by the emergency.
[Explanation of changes]

<table>
<thead>
<tr>
<th>HCS: The waiver prohibits more than four persons receiving residential support, supervised living, respite, or a similar non-waiver service from living in a four-person residence. The State requests a waiver of this prohibition to allow up to six persons receiving such services to live in a four-person residence. This waiver will allow for additional living options for persons who need residential services if staff shortages result from the COVID-19 pandemic. These homes are required to have 24-hour awake staff. In addition, it is HHSCs expectation that staffing ratios would be adjusted based on the needs of the individuals in these homes. Providers are also required to notify the State agency if they need to temporarily exceed capacity and HHSC will conduct monitoring visits as necessary to ensure that the residents are safe. In addition, local fire authorities may also require sprinklers.</th>
</tr>
</thead>
</table>

iii. ___ Temporarily add services to the waiver to address the emergency situation (for example, emergency counseling; heightened case management to address emergency needs; emergency medical supplies and equipment; individually directed goods and services; ancillary services to establish temporary residences for dislocated waiver enrollees; necessary technology; emergency evacuation transportation outside of the scope of non-emergency transportation or transportation already provided through the waiver).
[Complete Section A-Services to be Added/Modified During an Emergency]|

iv. ___ X Temporarily expand setting(s) where services may be provided (e.g. hotels, shelters, schools, churches). Note for respite services only, the state should indicate any facility-based settings and indicate whether room and board is included:
[Explanation of modification, and advisement if room and board is included]:

Currently, an individual is prohibited from receiving waiver services in an ICF/IID. The State requests a waiver to allow an individual who is living in a three-person or four-person residence and receiving residential support or supervised living to temporarily move to and receive waiver services in an ICF/IID. This waiver will allow for persons living in a three person or four-person residence to receive needed residential services and all other approved HCS services, if the residence becomes unavailable as a result of the COVID-19 pandemic. Individuals that are moved from an HCS home into an ICF/IID home will continue to receive HCS services and will not be admitted to the ICF/IID or receive ICF services.

v. ___ Temporarily provide services in out of state settings (if not already permitted in the state’s approved waiver). [Explanation of changes]
c. **Temporarily permit payment for services rendered by family caregivers or legally responsible individuals if not already permitted under the waiver.** Indicate the services to which this will apply and the safeguards to ensure that individuals receive necessary services as authorized in the plan of care, and the procedures that are used to ensure that payments are made for services rendered.

d. **Temporarily modify provider qualifications (for example, expand provider pool, temporarily modify or suspend licensure and certification requirements).**

i. **Temporarily modify provider qualifications.**
   [Provide explanation of changes, list each service affected, list the provider type, and the changes in provider qualifications.]

ii. **Temporarily modify provider types.**
   [Provide explanation of changes, list each service affected, and the changes in the provider type for each service.]

iii. **Temporarily modify licensure or other requirements for settings where waiver services are furnished.**
   [Provide explanation of changes, description of facilities to be utilized and list each service provided in each facility utilized.]

e. **Temporarily modify processes for level of care evaluations or re-evaluations (within regulatory requirements).** [Describe]

f. **Temporarily increase payment rates.**
   [Provide an explanation for the increase. List the provider types, rates by service, and specify whether this change is based on a rate development method that is different from the current approved waiver (and if different, specify and explain the rate development method). If the rate varies by provider, list the rate by service and by provider.]
In response to COVID-19, HHSC is proposing a temporary add-on for Home and Community-based Services (HCS) Supervised Living and Residential Support Services (SL/RSS) providers who are providing in-home day habilitation to individuals living in group homes. The add-on will be paid in addition to the current Day Habilitation rates. SL/RSS providers must maintain higher staffing ratios than day habilitation providers. As a result, HHSC calculated an add-on to compensate group home providers for providing in-home day habilitation services. The temporary add-on will increase day habilitation rates sufficient to maintain hourly direct care staff wages that have been affected by reduced client to staff ratios. HHSC is requesting an effective date of April 1, 2020 through the end of the federal emergency declaration.

**g. Temporarily modify person-centered service plan development process and individual(s) responsible for person-centered service plan development, including qualifications.**
[Describe any modifications including qualifications of individuals responsible for service plan development, and address Participant Safeguards. Also include strategies to ensure that services are received as authorized.]

**h. Temporarily modify incident reporting requirements, medication management or other participant safeguards to ensure individual health and welfare, and to account for emergency circumstances.** [Explanation of changes]

**i. Temporarily allow for payment for services for the purpose of supporting waiver participants in an acute care hospital or short-term institutional stay when necessary supports (including communication and intensive personal care) are not available in that setting, or when the individual requires those services for communication and behavioral stabilization, and such services are not covered in such settings.** [Specify the services.]

**j. Temporarily include retainer payments to address emergency related issues.**
[Describe the circumstances under which such payments are authorized and applicable limits on their duration. Retainer payments are available for habilitation and personal care only.]

**k. Temporarily institute or expand opportunities for self-direction.**
[Provide an overview and any expansion of self-direction opportunities including a list of services]
that may be self-directed and an overview of participant safeguards.

1. **Increase Factor C.**
   [Explain the reason for the increase and list the current approved Factor C as well as the proposed revised Factor C]
Other Changes Necessary [For example, any changes to billing processes, use of contracted entities or any other changes needed by the State to address imminent needs of individuals in the waiver program]. [Explanation of changes]

This request only applies to the HCS waiver. When an individual’s name is released from a waiver interest list, a face-to-face assessment must be conducted to determine the individual’s eligibility for the waiver program. The state requests a waiver that will allow it to suspend releasing names from the HCS waiver interest lists. The state will offer enrollment only to individuals who are requesting waiver services through one of the following reserve capacity groups: individuals at risk of imminent institutionalization, individuals with level of care I or VIII residing in or at imminent risk of entering a nursing facility (PI), and individuals leaving state conservatorship. This request will allow the state to significantly reduce the number of face-to-face assessments conducted during the COVID-19 pandemic.

HCS updated Unduplicated participant count (Factor C) for waiver year 2 total 27,432 and PIT total 26,542. The reduction in the Factor C numbers will not result in any currently enrolled waiver participants losing their eligibility.

The timeframe for the submission of the CMS TxHmL evidentiary package will be extended by 30 days.

---

**Appendix K Addendum: COVID-19 Pandemic Response**

1. HCBS Regulations
   a. ☒ Not comply with the HCBS settings requirement at 42 CFR 441.301(c)(4)(vi)(D) that individuals are able to have visitors of their choosing at any time, for settings added after March 17, 2014, to minimize the spread of infection during the COVID-19 pandemic.

2. Services
   a. ☒ Add an electronic method of service delivery (e.g., telephonic) allowing services to continue to be provided remotely in the home setting for:
      i. ☒ Case management
      ii. ☐ Personal care services that only require verbal cueing
      iii. ☐ In-home habilitation iv. ☒ Monthly monitoring (i.e., in order to meet the reasonable indication of need for services requirement in 1915(c) waivers).
   v. ☒ Other [Describe]:

   Financial Management Services Agencies (FMSA) initial orientation

   b. ☐ Add home-delivered meals
   c. ☐ Add medical supplies, equipment and appliances (over and above that which is in the state plan)
   d. ☐ Add Assistive Technology

3. Conflict of Interest: The state is responding to the COVID-19 pandemic personnel crisis by authorizing case management entities to provide direct services. Therefore, the case management entity qualifies under 42 CFR 441.301(c)(1)(vi) as the only willing and qualified entity.
4. Provider Qualifications
   a. ☐ Allow spouses and parents of minor children to provide personal care services
   b. ☐ Allow a family member to be paid to render services to an individual.
   c. ☐ Allow other practitioners in lieu of approved providers within the waiver. [*Indicate the providers and their qualifications]*
   d. ☐ Modify service providers for home-delivered meals to allow for additional providers, including non-traditional providers.

5. Processes
   a. ☒ Allow an extension for reassessments and reevaluations for up to one year past the due date.
   b. ☒ Allow the option to conduct evaluations, assessments, and person-centered service planning meetings virtually/remotely in lieu of face-to-face meetings.
   c. ☒ Adjust prior approval/authorization elements approved in waiver.
   d. ☐ Adjust assessment requirements
   e. ☒ Add an electronic method of signing off on required documents such as the person-centered service plan.

Contact Person(s)

A. The Medicaid agency representative with whom CMS should communicate regarding the request:
   First Name: Kathi  
   Last Name: Montalbano  
   Title: Manager, Policy Development Support Waiver  
   Agency: Health and Human Services Commission  
   Address 1: 4900 North Lamar Blvd  
   Address 2: Click or tap here to enter text.  
   City: Austin  
   State: Texas  
   Zip Code: 78751  
   Telephone: 512-771-3503  
   E-mail: Kathi.montalbano@hhsc.state.tx.us  
   Fax Number: Click or tap here to enter text.

B. If applicable, the State operating agency representative with whom CMS should communicate regarding the waiver is:

**Section A---Services to be Added/Modified During an Emergency**

Complete for each service added during a time of emergency. For services in the approved waiver that the state is temporarily modifying, enter the entire service definition and highlight the change. State laws, regulations and policies referenced in the specification should be readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Numerous changes that the state may want to make may necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; or (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
