APPENDIX K: Emergency Preparedness and Response

Background:

This standalone appendix may be utilized by the state during emergency situations to request amendment to its approved waiver. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities. This appendix may be completed retroactively as needed by the state.

Appendix K-1: General Information

- Pandemic or Epidemic
- Natural Disaster
- National Security Emergency
- Environmental
- Other (specify):

E. Brief Description of Emergency. In no more than one paragraph each, briefly describe the: 1) nature of emergency; 2) number of individuals affected and the state’s mechanism to identify individuals at risk; 3) roles of state, local and other entities involved in approved waiver operations; and 4) expected changes needed to service delivery methods, if applicable. The state should provide this information for each emergency checked if those emergencies affect different geographic areas and require different changes to the waiver.
1. Nature of the Emergency: Coronavirus Disease 2019 (COVID-19) is a respiratory illness caused by a novel (new) coronavirus designated SARS-CoV-2. The outbreak of COVID-19 originated in Wuhan City, Hubei Province, China in December 2019. On January 31, 2020, Health and Human Services Secretary Alex M. Azar II declared a public health emergency (PHE) for the United States, and on March 11, 2020 the World Health Organization characterized COVID-19 as a pandemic. Millions of confirmed cases have now been reported worldwide including over 8.7 million cases and over 225,000 deaths in the in the United States.

2. Number of individuals affected and the state’s mechanism to identify individuals at risk: The West Virginia waiver programs serve a total of 13,580 individuals (IDDW 5,964; ADW 7,026; TBIW 90 and CSEDW up to 500. All individuals on the waiver programs are vulnerable to COVID-19 due to advanced age, disabilities and/or the increased risk of exposure from receiving necessary supports and services from in-home direct-care workers and in congregate facility day programs.

3. Roles of state, local and other entities involved in the approved waiver operations: The West Virginia waiver programs are overseen by the Bureau for Medical Services (BMS), the state’s single Medicaid Agency. BMS contracts with KEPRO to provide Utilization and Management services for the IDDW and TBIW programs. IDDW provider agencies are required to be licensed through the West Virginia Office of Health Facility Licensure and Certification (OHFLAC). The West Virginia Bureau of Senior Services (BoSS) is the contracted Operating Agency for the ADW program. Aetna Better Health WV is the contracted MCO for the CSEDW program. Psychological Consultation and Assessment, Inc. is the contracted vendor for determining program medical eligibility and Public Partnerships, LLC is contracted to provide Fiscal Management Services and Support Brokerage services for all waiver members that choose to self-direct their services. BMS monitors the performance of each contracted entity through routine and ad hoc data reports, monthly meetings, and frequent communications.

4. Expected Changes to Service Delivery Methods: WV foresees that most service delivery in all programs will continue as planned, with appropriate precautions, for necessary services and supports provided by in-home direct-care workers. To decrease risk of exposure to COVID 19, program members that have access to unpaid, natural supports may choose to temporarily decrease or suspend their direct-care services without losing program eligibility. Policy mandated face-to-face meetings with members (team meetings, monthly home visits by Case Managers and assessments conducted by nursing and clinical staff) may instead be conducted electronically through secure software or by phone. This will continue to be encouraged unless there are concerns regarding the health and welfare of the member that require in-person interview and observation by provider or operating agency staff.

The IDDW facility-based day programs were mandated to close on March 23, 2020 but were allowed to reopen on August 1, 2020 under program-specific guidelines provided by the WV Bureau for Public Health (BPH). IDDW members that are authorized to receive day services have the option of attending day programs in person or virtually. The BPH guidelines include requirements for social distancing that result in some day programs requiring members to attend on a rotating schedule.
This Appendix K amendment is additive to the Appendix K approved on November 3, 2020. This amendment will extend the end date from March 31, 2021 to six months after the end of the PHE and contains no changes other than extending the end date.

F. Proposed Effective Date: Start Date: 03/12/2020 Anticipated End Date: Six months following the end of the Public Health Emergency.

G. Description of Transition Plan.

Members will transition back to pre-emergency status within six months following the end of the public health emergency.

H. Geographic Areas Affected:

The entire state of West Virginia.

I. Description of State Disaster Plan (if available) Reference to external documents is acceptable:

Appendix K-2: Temporary or Emergency-Specific Amendment to Approved Waiver

Temporary or Emergency-Specific Amendment to Approved Waiver:

These are changes that, while directly related to the state’s response to an emergency situation, require amendment to the approved waiver document. These changes are time limited and tied specifically to individuals impacted by the emergency. Permanent or long-ranging changes will need to be incorporated into the main appendices of the waiver, via an amendment request in the waiver management system (WMS) upon advice from CMS.

a. Access and Eligibility:

i. Temporarily increase the cost limits for entry into the waiver.
[Provide explanation of changes and specify the temporary cost limit.]

ii. Temporarily modify additional targeting criteria.
[Explanation of changes]
b. Services

i. Temporarily modify service scope or coverage.  
[Complete Section A- Services to be Added/Modified During an Emergency.]

ii. Temporarily exceed service limitations (including limits on sets of services as described in Appendix C-4) or requirements for amount, duration, and prior authorization to address health and welfare issues presented by the emergency.  
[Explanation of changes]

iii. Temporarily add services to the waiver to address the emergency situation (for example, emergency counseling; heightened case management to address emergency needs; emergency medical supplies and equipment; individually directed goods and services; ancillary services to establish temporary residences for dislocated waiver enrollees; necessary technology; emergency evacuation transportation outside of the scope of non-emergency transportation or transportation already provided through the waiver).  
[Complete Section A-Services to be Added/Modified During an Emergency]

iv. Temporarily expand setting(s) where services may be provided (e.g. hotels, shelters, schools, churches) Note for respite services only, the state should indicate any facility-based settings and indicate whether room and board is included:  
[Explanation of modification, and advisement if room and board is included in the respite rate]:

v. Temporarily provide services in out of state settings (if not already permitted in the state’s approved waiver).  
[Explanation of changes]

c. Temporarily permit payment for services rendered by family caregivers or legally responsible individuals if not already permitted under the waiver.  Indicate the services to which this will apply and the safeguards to ensure that individuals receive necessary services as authorized in the plan of care, and the procedures that are used to ensure that payments are made for services rendered.

d. Temporarily modify provider qualifications (for example, expand provider pool, temporarily modify or suspend licensure and certification requirements).
i. Temporarily modify provider qualifications. 
   [Provide explanation of changes, list each service affected, list the provider type, and the 
   changes in provider qualifications.]

ii. Temporarily modify provider types. 
    [Provide explanation of changes, list each service affected, and the changes in the provider 
    type for each service].

iii. Temporarily modify licensure or other requirements for settings where waiver 
     services are furnished. 
     [Provide explanation of changes, description of facilities to be utilized and list each service 
     provided in each facility utilized.]

e. Temporarily modify processes for level of care evaluations or re-evaluations (within 
   regulatory requirements). [Describe]

f. Temporarily increase payment rates 
   [Provide an explanation for the increase. List the provider types, rates by service, and specify 
   whether this change is based on a rate development method that is different from the current 
   approved waiver (and if different, specify and explain the rate development method). If the 
   rate varies by provider, list the rate by service and by provider].

g. Temporarily modify person-centered service plan development process and 
   individual(s) responsible for person-centered service plan development, including 
   qualifications. 
   [Describe any modifications including qualifications of individuals responsible for service plan 
   development, and address Participant Safeguards. Also include strategies to ensure that services are 
   received as authorized.]

h. Temporarily modify incident reporting requirements, medication management or other
participant safeguards to ensure individual health and welfare, and to account for emergency circumstances. [Explanation of changes]

i. __ Temporarily allow for payment for services for the purpose of supporting waiver participants in an acute care hospital or short-term institutional stay when necessary supports (including communication and intensive personal care) are not available in that setting, or when the individual requires those services for communication and behavioral stabilization, and such services are not covered in such settings.
[Specify the services.]

j. ____ Temporarily include retainer payments to address emergency related issues.
[Describe the circumstances under which such payments are authorized and applicable limits on their duration. Retainer payments are available for habilitation and personal care only.]

k. ____ Temporarily institute or expand opportunities for self-direction.
[Provide an overview and any expansion of self-direction opportunities including a list of services that may be self-directed and an overview of participant safeguards]

l. ____ Increase Factor C.
[Explain the reason for the increase and list the current approved Factor C as well as the proposed revised Factor C]

m. ____ Other Changes Necessary [For example, any changes to billing processes, use of contracted entities or any other changes needed by the State to address imminent needs of individuals in the waiver program]. [Explanation of changes]

Numerous changes that the state may want to make necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
