# 1. Medicaid Eligibility SPAs in MACPro

This document lists each Eligibility section in MACPro and the reviewable units (RUs) included in that section. With each RU, you will find a brief description and a crosswalk to the Medicaid Model Data Lab (MMDL) PDF templates and the paper-based state plan provisions that previously contained the information in that RU. Because the paper-based state plan has changed over time, the numbering and language provided in this table may not match exactly with the numbering and language in a specific state's plan.

Table 1: Crosswalk from MACPro to Paper-based State Plan and MMDL
