Source: Mathematica analysis of Centers for Medicare & Medicaid Services, Health Home Information Resource Center Medicaid Health Homes: SPA Overview, December 2024. <https://www.medicaid.gov/sites/default/files/2023-12/hh-spa-overview-dec-2023.pdf>.

Notes: It is mandatory for States to report all 1945 Health Home Core Set measures for each approved 1945 Health Home Program; thus, some states will submit more than one 1945 Health Home Core Set report for a reporting cycle. Reporting for each amendment (indicated by a separate State Plan Amendment [SPA] ID Number in the table above) should be included with the original 1945 Health Home Program (indicated in bold) and not as a separate report.

It is mandatory for States to report the 1945 Health Home Core Set measures when their approved 1945 Health Home Program has been in effect for six or more months of the measurement period. For 1945 Health Home Program amendments, states are expected to include data affected by the amendment combined with data from the original 1945 Health Home Program when the amendment is in effect for six or more months of the measurement period. For more information, contact the TA mailbox at [MACQualityTA@cms.hhs.gov](mailto:MACQualityTA@cms.hhs.gov).

\* The measurement period is January 1, 2023 to December 31, 2023 for the 2024 Core Set reporting cycle, January 1, 2024 to December 31, 2024 for the 2025 Core Set reporting cycle, and January 1, 2025 to December 31, 2025 for the 2026 Core Set reporting cycle.

\*\* State has terminated its 1945 Medicaid Health Home SPA.

NA = Not Applicable indicates a new original 1945 Health Home Program that was not yet in effect for six or more months of the measurement period; SPA = State Plan Amendment.
